

RC CONNECTOR

Board-in Insulation displacement connectors for 1.27mm pitch ribbon cables

The RC connector is a board-in type insulation displacement connector for 1.27mm pitch ribbon cables. The number of positions match the RA disconnectable connector series so that they can be used as a pair on opposite ends of a harness.

Features

- **Low profile with high-density mounting**

The RC board-in connector has a low profile with a mounting height of 6.8mm and a width of 6.54mm. It allows 2.54mm pitch grid wiring for high density.

- **Use with an RA connector**

This connector and a RA disconnectable connector can be used as a pair on opposite ends of a harness to reduce costs and mounting space.

- **Two kinds of plating**

The contact comes in gold and tin-plated versions.
